

rxn_SIMPOL_phase_transfer
_update_env_state

```
graph LR; A["rxn_SIMPOL_phase_transfer<br/>_update_env_state"] --> B["mean_free_path__m"]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text "rxn_SIMPOL_phase_transfer" followed by "_update_env_state" on the next line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "mean_free_path__m".
