

```
camp_aero_phase_data  
::aero_phase_data_t::  
  finalize
```

A diagram illustrating a transition or relationship between two code snippets. On the left, a gray rectangular box contains a function call: `camp_aero_phase_data` followed by `::aero_phase_data_t::` and `finalize` on separate lines. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the function definition: `camp_aero_phase_data` followed by `::finalize` on separate lines.

```
camp_aero_phase_data  
::finalize
```
